

RDT™

RAPID DEPLOY TRAY

rosenbauer

CAB CONCEPT TRUCK

rosenbauer

- ▶ Up to 1000#
- ▶ Adjustable Tool Storage
- ▶ Electric or Manual Operation

■ AUTOMATIC DEPLOYMENT

Engineered as part of Rosenbauer's Clean Cab concept truck, the RDT can be auto deployed by a switch in the Officer's dash panel. Perfect for battery operated extrication tools, air lifting bags, portable scene lighting.

■ READY AND WAITING

The RDT was designed to save your crew time, while they are donning PPE from the Rosenbauer CleanLocker. The RDT full deploys within the time from the parking brake being set to you getting to the rear of the apparatus.

■ 28" EXTENSION

As the RDT extends, the two rear compartment doors separate and fold to allow access to the inner toolboards safely. The toolboards extend 28" from the rear-wall of the apparatus body.
