ROSENBAUER PUMPERS

CUSTOM REAR MOUNT PUMPERS

Rosenbauer is the industry leader of custom-built rear mount apparatus. Each truck is completely customized based on your department's specifications. Many departments utilize a Rosenbauer pump which provides exceptional capacity to flow multiple diameter hose lines from one pump simultaneously.

A rear mount offers your department more compartment area for equipment storage, keeping the tools you need close at hand during calls. Pump control panel locations can be either on the operator's, back, or curb side.

CUSTOM REAR MOUNT PUMPER

- Commander 4000 Chassis
- EXT Body with Lifetime Transferable Warranty
- 500 HP Chassis
- 1500 GPM Pump
- 1000 Gallon Tank

Curb Side Pump Control Panel

Operator's Side Pump Control Panel

Logi-Color Pump Control Panel

ROSENBAUER...THE ONLY TRUE, SINGLE-SOURCE PROVIDER FOR A COMPLETE FIRE APPARATUS.

CUSTOM REAR MOUNT PUMPER

- Commander 4000 Chassis
- 400 HP Chassis
- FX Aluminum Body
- 1000 Gallon Tank
- 1500 GPM Pump

SEALED VALVE CONTROL LEVER BANK

- Sealed Ends to Prevent Corrosion
- Easy for Everyone to Use
- Reduces Service Time

PRO TIP: ROSENBAUER N SERIES PUMP

DRIVE OPTIONS

- PTO Direct Driven - No Gear Box
- PTO Gear Box with Multiple Drive Ratios
- Split Shaft Gear Box
- Rosenbauer 500, 750, 1000, 1250, and 1500 GPM Single-Stage Fire Pumps
- NFPA Rated from 500 GPM to 1500 GPM
- Five Year Warranty
- Quiet & Efficient Operation
- Shaft Supported by Three Bearings
- Automatic Primer System
- High Grade Stainless Steel Shaft
- 3D Spiral Shape Impeller
- Self Adjusting Mechanical Seals
- Bearings and Seals are Maintenance-Free

ROSENBAUER PUMPERS

CUSTOM SIDE MOUNT PUMPERS

TRIED AND TRUE

Custom side mount pumpers have dominated fire department fleets for decades and for good reason; they are tried and true. Rosenbauer is the leader in firefighting innovation, incorporating world class features into your apparatus.

Rosenbauer's EXT, FX, and CT bodies are fully-customizable and are available in 1/8" or 3/16" aluminum or stainless steel. State-of-the-art body electrical wiring reduces service time and money.

CUSTOM SIDE MOUNT PUMPER

- Commander 4000 Chassis
- EXT Body With Lifetime Transferable Warranty
- 400 HP Chassis
- 1500 GPM Pump
- 750 Gallon Tank

Full-Depth, Full-Height Side Compartment

Black Thermal Coated Control Panel

Slide-Out Equipment Trays

Full-Width Access Compartments

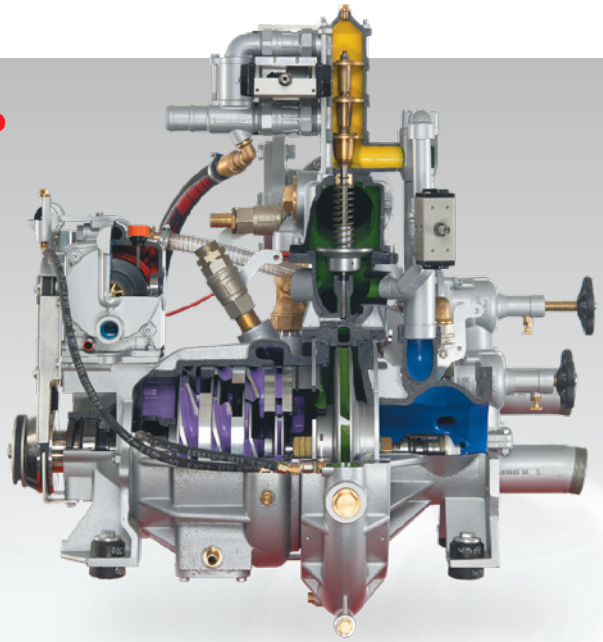

CUSTOM SIDE MOUNT PUMPER

- Commander 4000 Chassis
- FX Body 3/16" Aluminum
- 1500 GPM Pump
- 750 Gallon Tank
- 450 HP Chassis

PRO TIP: ROSENBAUER NH SERIES PUMP

DRIVE OPTIONS

- PTO direct driven - no gear box
- PTO gear box with multiple drive ratios
- Split shaft gear box
- Rosenbauer 500, 750, 1000, 1250, and 1500 GPM single-stage fire pumps, combined with a Rosenbauer 100 GPM, 600 PSI four-stage high pressure pump on one common shaft
- Capable of volume and high pressure flows simultaneously
- CAFS-like foam on high pressure NFPA rated from 500 GPM to 1500 GPM
- Five year warranty
- High grade stainless steel shaft
- Self-adjusting mechanical seals

ROSENBAUER PUMPERS

CUSTOM TOP MOUNT PUMPERS

ABOVE ALL THE REST

Choosing the right pump configuration is worry-free with Rosenbauer. Our professional engineering staff are dedicated to making your specifications a reality.

The top mount pumper is widely regarded as the safest location for your pump operator. Options for crosslay storage can be either under the pump control or as a stand alone section mounted behind the cab wall. Easy-to-operate slide-out trays make repacking your hoseload less burdensome.

CUSTOM TOP MOUNT PUMPER

- FX Body 3/16” Aluminum
- Commander 4000 Chassis
- 450 HP Chassis
- 1500 GPM Pump
- EXT Body With Lifetime Transferable Warranty

EQUIPPED WITH: rosenbauer GREEN STAR® IDLE REDUCTION TECHNOLOGY

PRO TIP: GREEN STAR IRT

IDLE REDUCTION MADE EASY

Rosenbauer’s GREEN Star™ idle reduction technology system uses electronic controls to shut down the chassis engine on-scene when the fire pump is not engaged. These electronic controls then start either the diesel-driven generator or transfer power from a commercial grade battery auxiliary power unit, which is an APU capable of maintaining the chassis heating and cooling requirements. The diesel-driven APU uses approximately one-fourth the fuel compared to the chassis engine, thus saving fuel costs, lowering emissions, and extending the service intervals between oil changes and DPF service and replacement.

Rosenbauer offers a commercial grade marine battery APU system. This battery system offers complete idle reduction; however, some HVAC are limited based on BTUs and the number of batteries utilized.

ROSENBAUER PUMPERS

MP3™ - TP3™ - RP3™ PUMPERS

BEST ALL-AROUND

CUSTOM MP3™ PUMPER

- Commander 3000 Chassis
- 450 HP Chassis
- FX Body
- 1500 GPM Pump
- 1000 Gallon Tank

CUSTOM TP3™ PUMPER

- Commander 3000 Chassis
- 400 HP Chassis
- FX Body
- 1500 GPM Pump
- 750 Gallon Tank

MP3™ Pump Control Panel with Sealed Bank

TP3 Pump Control Panel with Sealed Bank

CUSTOM RP3™ PUMPER

- Commander 4000 Chassis
- EXT Body With Lifetime Transferable Body Warranty
- 400 HP Chassis
- 1500 GPM Pump
- 750 Gallon Tank

Continuously improving apparatus design is at the forefront at Rosenbauer.

Our special line of MP3™, TP3™ and RP3™ offers more compartment space by dramatically reducing the large size of the pumphouse. Crosslays are low and easily reached from the ground.

The unique line is available with PTO or split-shaft driven pumps, and pump-and-roll is available with a PTO.

The MP3™ has a short wheelbase of 170”, and the TP3™ has a 188” wheelbase.

ROSENBAUER PUMPERS

ENCLOSED TOP MOUNT PUMPERS

COMMERCIAL ENCLOSED TOP MOUNT PUMPER

- 1000 Gallon Tank
- 350 HP Chassis
- 1500 GPM Pump
- FX Body

UNDER CONTROL

In areas where the weather commonly poses a hurdle for the pump operator, an enclosed top mount pumper may be your new best friend.

Pump controls are available with electric valves or sealed lever bank control levers.

CUSTOM ENCLOSED TOP MOUNT PUMPER

- Commander 4000 Chassis
- EXT Body With Transferable Lifetime Warranty
- 1500 GPM Pump
- 750 Gallon Tank
- 400 HP Chassis
